

=PE for E1 Men Called to Throw Switches on EJ&E & ICE.

Claiming days pay account of being ordered to work outside of my bulletined work limits. Ordered off the NZ021-XK81 board to work job _____ which works with detour trains which originate at Proviso yard and head onto the EJ&E railroad at West Chicago and connect with the ICE Railroad and run West to Clinton, Iowa to avoid the TRT work crew on the UP Geneva Sub. My duties include hand operating the switches on and off the EJ&E railroad and the ICE which is located at Bartlett, IL outside of my work limits and not part of the Union Pacific system all together.
